REPORT OF CHICHESTER VOLUNTEER FIRE DEPT.

Chichester Fire Dept. has finished the year with only 11 fire calls of which only 8 were in Chichester.

Seven of these calls were for chimney fires and one for burning brush of which no loss occurred at any of these fires.

Three of the calls were for assistance to other towns where loss was heavy. One was for the loss of a hen-house, another was a dwelling house, and one was the call to Canterbury in which fire destroyed the famous Worsted Church.

Fortunately Chichester suffered no loss of property in our town.

As we have been called to assist in other towns, it is reassuring to know that in belonging to the Suncook Valley Mutual Aid Assn. we are able to call on neighboring towns to assist us.

With this Mutual Aid setup we can avail ourselves with an unlimited amount of fire apparatus and manpower if needed.

Our budget this year includes \$300 for which we hope to purchase an electric generating unit which will be available for lights at a fire and other emergencies where electricity is needed.

As 1959 will be my first year as Chief I hope I can perform my duties as a servant of the Community as well as past Chiefs have.

WALTER SANBORN,
Fire Chief

YOU CAN HELP PREVENT FOREST FIRES

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning — brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as (\$200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc. cut on your property. Eliminate the hazard of burning yourself. It will be easier for you — personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

Number of local fires — 1

Number of acres burned — 2

Number of permits issued — 23

LIBRARY

During the period when the Town House was being repaired and renovated the regular activities of the Public Library were necessarily curtailed. The Library room has been redecorated and work completed on the doors to the book-shelves by John Hutchinson, Esq.

Several friends have donated books and magazines, and purchases of new books have been made through the year. In the cold months it has not been possible to heat the room and so use of the books has been restricted to about eight months in the year.

Thanks should go to Mrs. Ruth Hammer who assisted in making a revised list of the books. Several of the older books were given to the State Hospital to make more shelf room for the new ones.

Respectfully submitted,

H. F. PARKER

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and citizens of Chichester:

This year has been a period of great awakening by public citizens at large throughout our country. Increasingly the people are becoming active in matters pertaining to education. School buildings are being constructed; taxes for schools are rising; controversies are becoming more and more serious; local, state, and national government are now responding more and more to clamors of the people who are beginning to make themselves heard. More is being written and spoken about the serious problems of education today than at any time in our lifetime. Out of this maelstrom of controversy and refining fire will come some hard, basic fundamental truths about education, truths which we as a people need to be aware of.

Each community must act on these educational issues. There is no way to avoid this responsibility, because the American people believe in education and know it to be one of their greatest assets. And there is hope in the hearts of us who so strongly advocate good schools for our children.

The New Hampshire General Court is now in session. On its agenda are numerous bills pertaining to education. It is the solemn duty of our citizens in every community in our state to know what these bills mean. What effects will be produced by their passage into law? What is the underlying intent of these proposed laws? Do any of these proposed changes drastically modify our thinking and our philosophy about public and private education? Surely the people should know!

Now many lay people have little time to attend legislative hearings that are held in Concord. This places all the more responsibility upon school boards and school officials. Our State Board of Education each week alerts its superintendents about proposed legisla-

tion that will have impact upon our schools and our present system of public education. Thus it is possible to know in advance when such hearings are to be held. The State School Boards Association also is active on matters of this nature. Local school boards are notified either by superintendents or state school boards of the time and place of such hearings. I cannot emphasize too much the need for local school boards to pay attention to these notices and to plan to attend these hearings. Failure to do so may later cause regrets.

Not all legislation is good. Every proposed law should be examined for its intent and purpose, and be analyzed in advance of its passage to make sure that it does not adversely affect our system of free public education.

I hope that our local people will maintain their continuing interest in their schools, and will carry on during these crucial times; to the end that our schools may become stronger, and our system of public education may serve even better to meet the needs of our youth.

Respectfully submitted,

WILLIAM B. HOUNSELL,
Superintendent of Schools
